Prices are recorded at the time of the survey and may be subject to fluctuations when the time, date and place change. In the process of data collection, average prices of plov are taken into account exclusively at selected catering establishments (Plov Center), prices in restaurants and tea houses are not taken into account.

The sample of observed public catering establishments for registering prices for plov is updated annually in January. For an objective assessment of price changes, the price level of a newly observed object for the previous period is also fixed.
