

**THE STATE COMMITTEE OF THE REPUBLIC  
OF UZBEKISTAN ON STATISTICS**

# **TOTAL INCOME OF POPULATION IN THE REPUBLIC OF UZBEKISTAN**

**PRELIMINARY DATA  
FOR JANUARY-MARCH 2021**

**Tashkent - 2021**

**Total income of the population in the Republic of Uzbekistan**  
*(preliminary data for January-March 2021)*

✓ The calculation of the total income of the population is carried out on the basis of international statistical standards of the System of National Accounts, the recommendations of the International Labor Organization, an interdepartmental methodological guide developed and approved by the State Committee on Statistics, the Ministry of Economic Development and Poverty Reduction on the basis of the legislation of the Republic of Uzbekistan.

**95,4 trillion  
soums**

*Total income  
of the population*

**122,1 %**

*Nominal growth  
rate of total  
income*

**109,8 %**

*Real growth rate  
of total income*

According to preliminary data, in January-March 2021, the total aggregate income of the population reached 95.4 trillion soums.

In order to exclude the influence of price factors for calculating the real growth rate of household income, the consumer price index (CPI) is used - one of the important types of inflation indicator. Due to the change in consumer prices, the growth rate of the total income of the population, compared to the same period in 2020, in real terms amounted to 109.8%.

**2,8 million  
soums**

*Total income  
per capita*

**119,8 %**

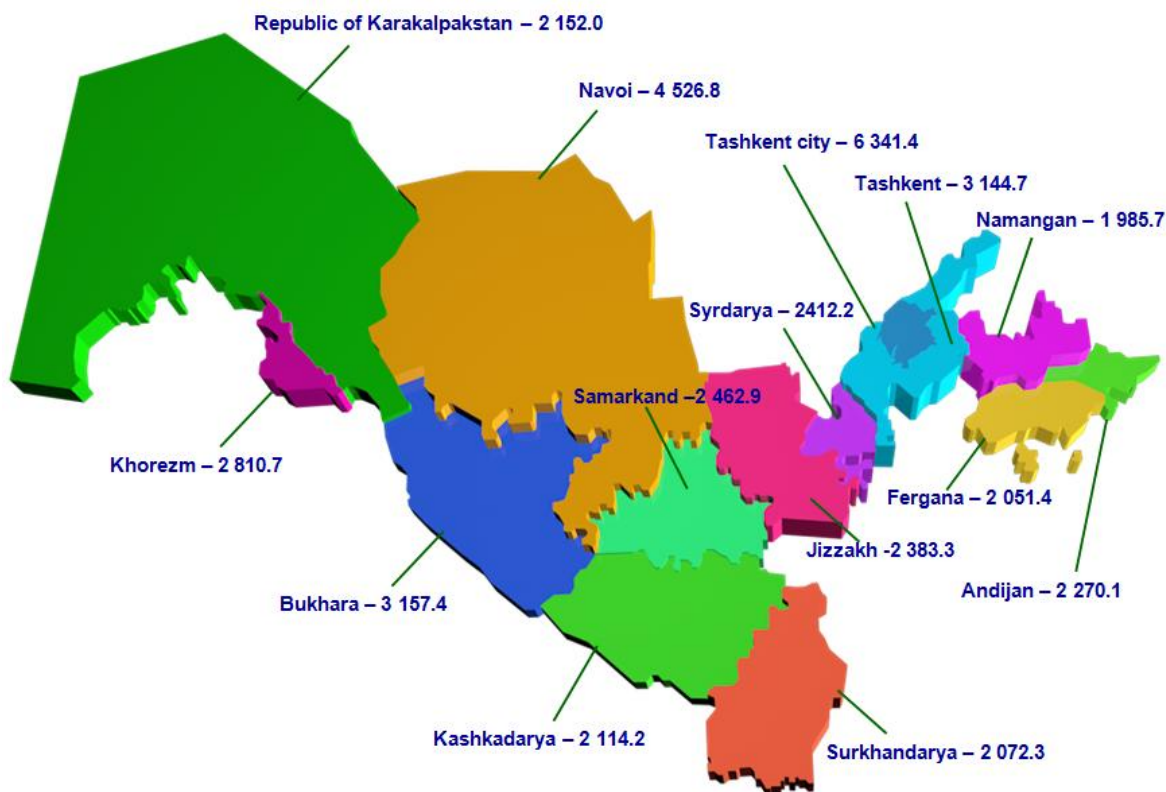

*Nominal growth  
rate of total  
income per  
capita*

**107,7 %**

*Real growth rate  
of total income  
per capita*

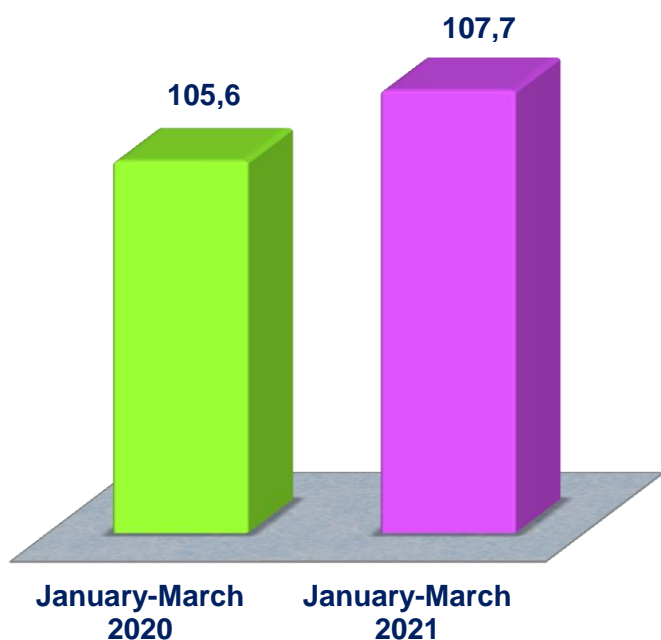

✓ In January-March 2021 (for three months), the average per capita nominal total income of the population was higher than the national average value in Tashkent city - 6 341.4 thousand soums, Navoi - 4 526.8 thousand soums, Bukhara - 3 157.4 thousand soums, Tashkent region - 3 144.7 thousand soums and Khorezm region - 2 810.7 thousand soums.

**The volume of average per capita total income of the population  
by regions of the Republic of Uzbekistan  
for January-March 2021, thousand soums**

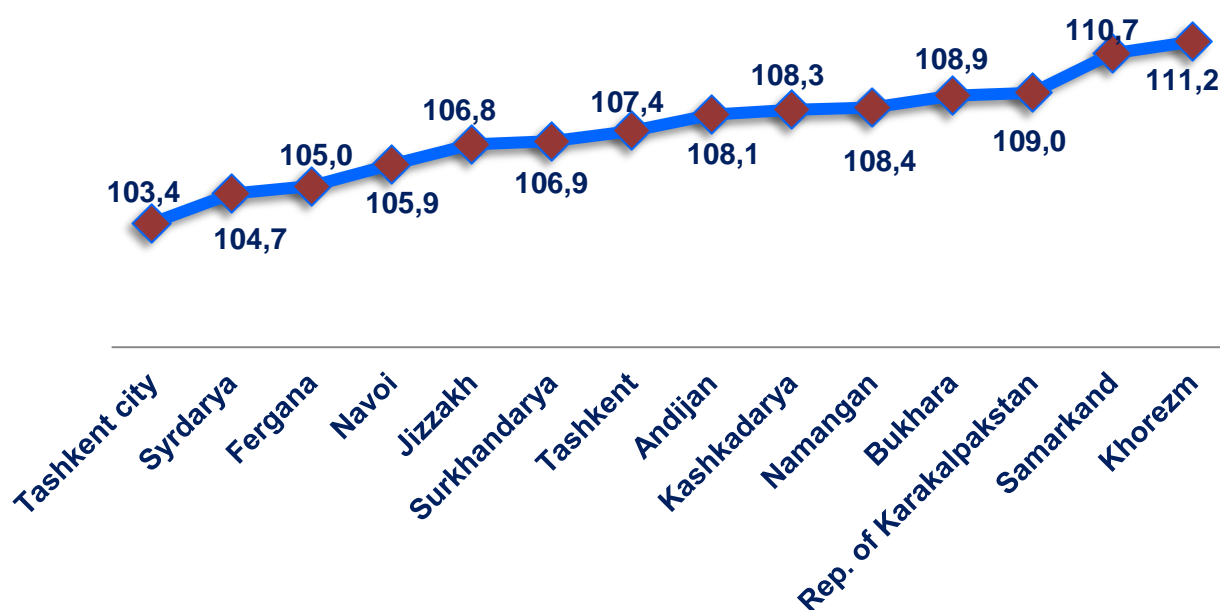

✓ In January-March 2021 (for three months), the lowest indicator of the average per capita nominal total income of the population was recorded in Namangan - 1 985.7 thousand soums, Fergana - 2 051.4 thousand soums and Surkhandarya - 2 072.3 thousand soums.

**Real growth rates of average per capita total income  
of the Republic of Uzbekistan, %**

The indicator of real growth of total income per capita in January-March 2021 amounted to 107.7%, the same indicator for January-March 2020 was recorded at the level of 105.6%.

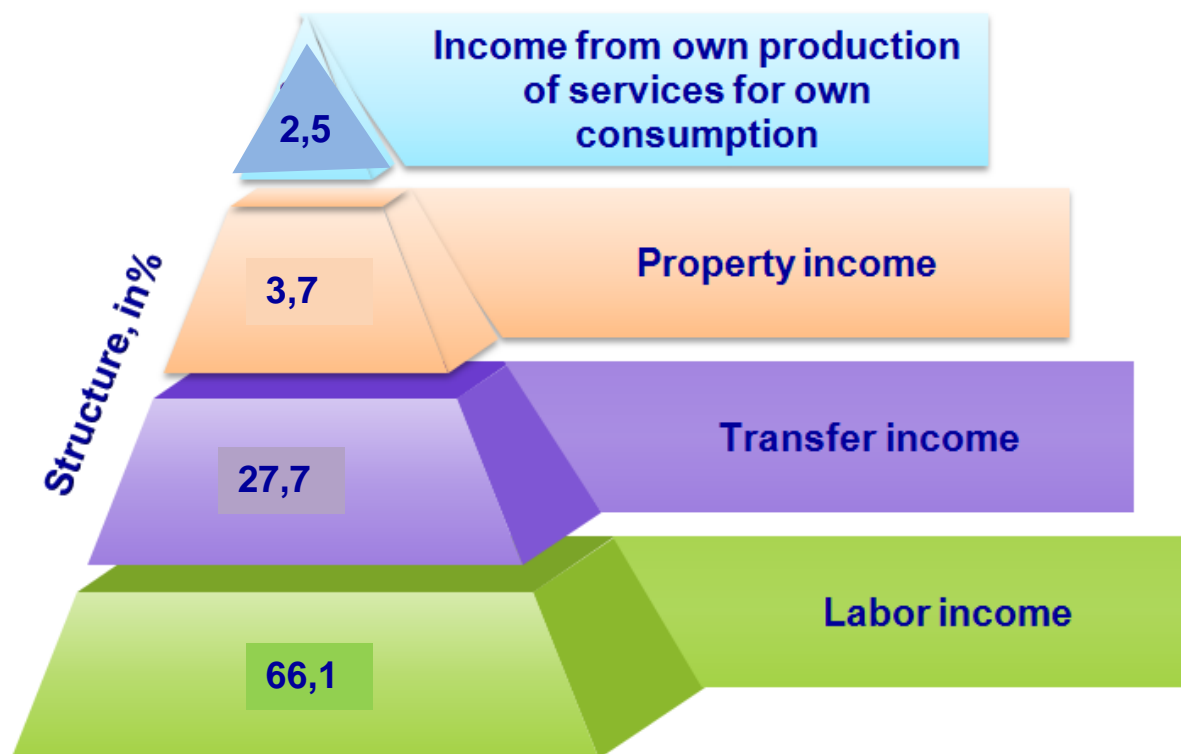

**Real growth rates of per capita aggregate income by regions  
of the Republic of Uzbekistan for January-March 2021, %**

✓ The highest indicator of real growth rates was recorded in Khorezm - 11.2%, Samarkand - 10.7% regions and the Republic of Karakalpakstan - 9.0%.

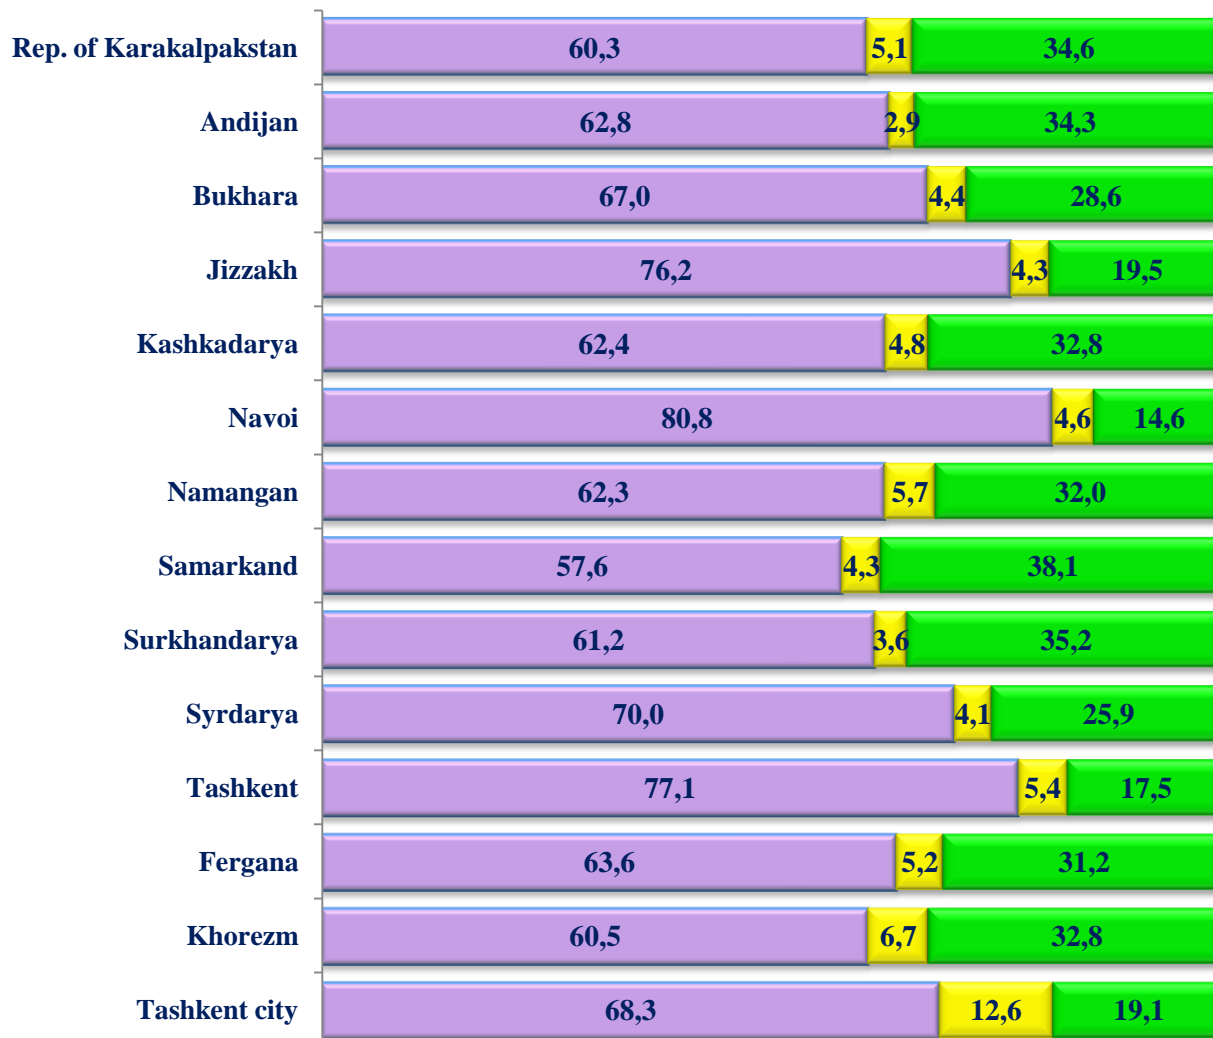

Real growth rates below the national average were recorded in Tashkent city - 3.4%, as well as in Syrdarya - 4.7%, Fergana - 5.0%, Navoi - 5.9%, Jizzakh - 6.8%, Surkhandarya - 6.9% and Tashkent - 7.4% regions.

**Comprehensive income structure**  
*for January-March 2021*
