

STATISTICS AGENCY UNDER THE PRESIDENT
OF THE REPUBLIC OF UZBEKISTAN

RETAIL AND WHOLESALE TRADE TURNOVER OF THE REPUBLIC OF UZBEKISTAN

*Preliminary data
for January-February 2024*

*Department of Foreign Economic Activity
and Trade Statistics
Tel. 71-202-80-44 (45)*

Statistical data - it is the most important tool for describing and managing socio-economic phenomena and processes occurring in society. Currently, it is impossible to make informed management decisions in the field of public policy without the use of high-quality statistical data. Among them, the formation of trade statistics is important. In particular, these include indicators of turnover statistics of wholesale, retail trade and public catering enterprises.

Main indicators of retail turnover

As of March 1, 2024, the number of commercial enterprises operating in the retail trade sector reached 91 747 units, of which the number of operating large enterprises was 311 units, and small enterprises and micro-firms – 91 436. Retail trade indicators include: data collected on the basis of observations of organized and unorganized trade among individuals operating in the field of trade without forming a legal entity.

Retail turnover – the cost of goods sold to the population for personal, family, household and other similar use not related to business activities.

Retail trade turnover at the end of January-February 2024 reached 48 131.6 billion soums and increased, compared to the same period in 2023, by 109.9%, also the turnover of large enterprises amounted to 7 799.4 billion soums (growth rate - 108 .9%), and small businesses and private entrepreneurship – 40 332.2 billion soums (growth rate - 110.1%), including unorganized trade amounted to 4 839.5 billion soums (growth rate - 119.5%).

	Total, billion soums	By January-February 2023, in%
Republic of Uzbekistan	48 131,6	109,9
Republic of Karakalpakstan	1 676,6	106,6
<i>regions:</i>		
Andijan	3 251,6	110,0
