Newly created

31,6  
thousand  
units

A number of positive changes are occurring in our country related to the acceleration of the development of small and medium-sized businesses, and therefore a favorable business environment is being created. Important decisions are made in legislation in the field of state registration and accounting of business entities, as well as improving the automated system of state registration. All this is a necessary factor for the creation and development of private business by public and foreign investors.
