reports on the use of water resources by economic sectors in the Republic

0. PREREQUISITES

0.1 Legal environment

0.1.1 Responsibility for collecting, processing, and disseminating statistics

Ministry of water resources of the Republic of Uzbekistan

1. Law of the Republic of Uzbekistan "on Water and water use" of may 6, 1993
2. Resolution of the Cabinet of Ministers of the Republic of Uzbekistan "About the statement of regulations about the order of water use and consumption in the Republic of Uzbekistan", No. 82 March 19, 2013,
3. Resolution of the Cabinet of Ministers of the Republic of Uzbekistan "On approval of normative-legal acts regulating the activities of the Ministry of water economy of the Republic of Uzbekistan" №500 from 03.07.18 G.

0.1.2 Data sharing and coordination among data producing agencies

Statistical data prepared by the Ministry of water resources of the Republic of Karakalpakstan and 12 basin departments of irrigation systems are submitted to the Ministry in electronic and printed form.

0.1.4 Providing statistical reporting

Statistics are prepared in the first decade of the year (until March 15).

0.2 Resources

0.2.1 Staff, facilities, computing resources, and financing (Encouraged)

Specialists of the Department of water resources and water use develop statistical information on water resources throughout the country based on data provided by the Republic of Karakalpakstan and 12 basin administrations of irrigation systems. All employees have the appropriate knowledge and skills.

There are enough computing resources to perform the tasks assigned to the Management, and the software is updated from time to time and meets the requirements. Each workplace is equipped with personal computers connected to a local network. Electronic and computing resources are provided with sufficient protection, as well as a system of statistical recovery in emergency situations.

INTEGRITY

1.1 Professionalism

1.1.1 Impartiality of statistics

Statistical data are generated based on information about water resources generated during the year in sources and their use by sectors of the economy.

[1.1.2 Selection of sources, methodology, and modes of dissemination](#)

The source of statistical data generated by the Ministry of water resources of the Republic of Karakalpakstan and 12 basin administrations of irrigation systems is the Ministry of water resources of the Republic of Uzbekistan.

[1.1.3 Commenting on erroneous interpretation and misuse of statistics](#)

Not available

[1.2 Transparency](#)

[1.2.1 Disclosure of terms and conditions for statistical collection, processing, and dissemination](#)

Based on data collected by all basin departments of the irrigation system, statistical data on water resources are generated.

[1.2.2 Internal governmental access to statistics prior to release](#)

Statistical information is regularly provided to the Government.

[1.2.3 Attribution of statistical products](#)

Statistics are based on tables developed by the Ministry.

[1.2.4 Advance notice of major changes in methodology, source data, and statistical techniques.](#)

In the event of any change in the statistics, the AIS are alerted by a notification.

[1.3. Moral standards](#)

[1.3.1 Guide to the behavior of the staff](#)

Employees of the Ministry conduct their activities in accordance with the internal procedure.

[2. METHODOLOGY](#)

[2.1 Concepts and definitions](#)

[2.1.1 Concepts and definitions \(Required\)](#)

[2.2 Scope](#)

[2.2.1 Scope \(Required\)](#)

[2.2.1.1 Scope of the data](#)

Information is generated by region.

[2.2.1.2 Exceptions to coverage](#)

Not available

[2.2.1.3 Unrecorded activity](#)

Not available

2.4 Basis for recording

2.4.1 Valuation (Required as relevant to data category)

Based on certain tables.

2.4.2 Recording basis (Required as relevant to data category)

Based on certain tables.

2.4.3 Procedures for calculating gross / net indicators (recommended category)

3. ACCURACY AND RELIABILITY

3.1 Source data

3.1.1 Source data collection programs (Required)

The territorial departments of agriculture determine the types of crops, based on each type of crop, a water use plan is developed and based on this, a limited amount (limit) of water is determined.

3.1.3 Source data timeliness (Encouraged)

Statistical data are prepared in the first decade of the year

3.5 Revision studies

3.5.1 Revision studies and analyses (Encouraged)

Statistics are generated by analyzing data

4. SERVICEABILITY

4.1 Periodicity and timeliness

4.1.1 Periodicity (Required)

Statistical data are prepared in the first decade of the year.

4.1.2 Timeliness (Required)

For late provision of information, the system authorities are warned.

4.2 Consistency

4.2.1 Internal consistency (Required as relevant to data category)

Statistical data are characterized by internal consistency and are comparable over time.

4.2.2 Comparability over time (Encouraged)

There are comparable time series of data for a sufficient period of time. The dynamics of water resources use by economic sectors has been formed since 2003.

5. ACCESSIBILITY

5.1 Data

5.1.1 Statistical presentation (Required)

Tables are provided on electronic or printed media.

5.1.2 Dissemination media and format (Required)

5.1.2.1 Hard copy - New release

Information is distributed by email or in printed form.

5.1.2.2 Hard copy - Weekly bulletin

5.1.2.3 Hard copy - Monthly Bulletin

5.1.2.4 Hard copy - Quarterly bulletin

5.1.2.5 Hard copy – Other

5.1.2.6 In electronic form-Online newsletters or data

On the official website of the Ministry of water resources of the Republic of Uzbekistan, in the open data section, information about the prospects for integrated water resources use and water resources calculation is entered.

5.1.2.7 In electronic form-Other

The telegram of the bot channels of the Ministry of water resources of the Republic of Uzbekistan and the mobile app "Tomchi" contain information about the prospects for integrated use of water resources and the use of water-saving technologies.

5.1.5 Distribution of data by request (Encouraged)

Statistical data is provided to users based on their request in accordance with the established procedure.

9. PLANS

9.1 Recent

9.1.1 Plans for improvement - Recent improvements

The Decree of the President of the Republic of Uzbekistan "on measures for further improvement of the water resources management system" no. PP-4486 dated 09.10.2019 was adopted.
