Hepatitis B incidence per 100,000 population

0. PREREQUISITES

A. 0.1 Legal environment

0.1.1 Responsibility for collecting, processing, and disseminating statistics

State Committee of the Republic of Uzbekistan on Statistics

The State Statistics Committee (SSC) is operating independently under the Law on "State Statistics" of the Republic of Uzbekistan, dated December 12, 2002, amended in 2012, which regulates relations in the sphere of organization of state statistics work, defines powers of state statistics agencies and creates a normative basis for maintaining the uniform system of statistical information.

In September 2017, a new Statute on the State Statistics Committee of the Republic of Uzbekistan has been introduced to specifying the mandate, the functions and the structure of the SSC, which shall be the principal data collecting, processing, analyzing and dissemination agency responsible for co-coordinating, monitoring and supervising the National Statistical System. Its functions include the provision of a uniform statistical methodology corresponding to international standards.

The SSC, like other State statistics agencies performing statistical work, shall have the right, within the limits of their powers, to request and obtain state statistical reports, administrative accounting data, and other data necessary for the conduct of state statistical observations, as well as explanations appended to the reports from other offices.

According to the presidential decree Nr.5054, dated December 12, 2017, economic and financial data in the country should be compliant and coordinated under the IMF GDDS system.

0.1.2 Data sharing and coordination among data producing agencies

State Committee of the Republic of Uzbekistan on Statistics

According to the Article 9 of the Law on Statistics, State statistics agencies shall perform statistical work in interaction with other state bodies in fulfillment of the Program of State Statistical Works. State statistics agencies permit other state agencies and legal entities to perform separate actions concerning their powers in accordance with the procedure established by the legislation. Other state agencies and legal entities shall conduct statewide statistical observations according to the Program of State Statistical Work, as well as departmental statistical observations according to the forms coordinated with the authorized state statistics agency. The data of departmental statistical observations shall be submitted to

the authorized state statistics agency at its request. In addition, the Statistics Council, a collegial advisory body, ensures coordination on problems associated with the development, functioning and coordination of state statistics under the authorized state statistics agency. The Statistics Council may appoint expert commissions to examine separate matters of state statistics. Experts may be invited to meetings of the Statistical Council and the expert commissions, and representatives of ministries, state committees and departments may be heard on matters of state statistics. The composition of the Statistical Council shall be approved by the President of the Republic of Uzbekistan.

0.1.3 Confidentiality of individual reporters' data

State Committee of the Republic of Uzbekistan on Statistics

Under the Article 7 of the Law on State Statistics, State statistics agencies shall be obliged to ensure confidentiality of individual statistical data, preservation of state secrets and trade secrets of legal entities and anonymity of data regarding individuals. In addition, the Statute of the State Statistics Committee of the Republic of Uzbekistan (Sep.2017) stipulates that the SSC shall take security measures to prevent confidentiality issues (art. 13.c, §15), including on bank secrecy (13.c, §11). Lastly, according to the Article 5 of the Law on State Statistics, interference by state agencies and local public authorities in the state statistics activities shall not be permitted.

The employees of SSC must follow a Code of Ethics, including an oath of secrecy, not to disclose any information availed to them while carrying out their duties as assigned to them. They are informed of duties upon appointment. Each employee of the SSC is required to sign a contract which requires him not to disclose such data.

A. 0.2 Resources

0.2.1 Staff, facilities, computing resources, and financing (Encouraged)

Hepatitis B incidence per 100,000 population: 4 people in the central office and by 3 people in the sectoral statistics divisions of regional departments participate in the formation of the incidence.

The number of employees is sufficient for fulfilling the set tasks for forming the statistical data on sickness statistics.

All employees have higher education in the economic and social sphere and at least once every 2 years undergo training at the courses of the **Institute for Staff Retraining and Statistical Researches under** the State committee of the Republic of Uzbekistan on statistics.

Each workplace is provided with a personal computer, the software is regularly updated.

The provided financial resources are sufficient for carrying out the works stipulated by the Programme of State Statistical Works on social sphere statistics.

INTEGRITY

1.1 Professionalism

1.1.1 Impartiality of statistics

State Committee of the Republic of Uzbekistan on Statistics

According to the Law on Statistics (Article 4), the basic principles of the State Statistics include accuracy, objectivity and impartiality. In addition, the Statute of the State Statistics Committee of the Republic of Uzbekistan (art. 13 c., §6) stipulates that the principles of the SSC should include impartiality.

1.1.2 Selection of sources, methodology, and modes of dissemination

State Committee of the Republic of Uzbekistan on Statistics

According to the Law on Statistics (Article 15), statistical data shall be used for state and scientific purposes, for informing the public, ensuring rights, freedoms and lawful interests of users. Primary statistics obtained by state statistics agencies from legal persons, their representations and branches, natural persons, including individual businessmen, shall be used for statistical purposes only for the preparation of summary statistical indicators and shall be published in summary and anonymous form. Statistics that contain the state and trade secrets shall be submitted in the manner prescribed under law.

1.1.3 Commenting on erroneous interpretation and misuse of statistics

State Committee of the Republic of Uzbekistan on Statistics

The SSC can, on ad-hoc basis, comment on erroneous interpretation and misuse of statistics

1.2 Transparency

1.2.1 Disclosure of terms and conditions for statistical collection, processing, and dissemination

State Committee of the Republic of Uzbekistan on Statistics

According to the Law on Statistics (Article 4), the basic principles of the state statistics include accessibility, transparency and openness. The terms and conditions for statistical collection, processing and dissemination are incorporated into Uzbekistan's laws and resolutions dealing with statistics. These legislative measures are on the websites and thus accessible to the public. Thus, the *Law on State Statistics Committee (2002)* and Resolution Number 368 are posted on the Committee's website (www.stat.uz). The *Law* is also reproduced in the Bulletin of Oliy Majalis (Parliament), and included in the data base on laws and regulations (www.norma.uz), as well as that of the Ministry of Justice accessible on the address www.Lex.uz.

1.2.2 Internal governmental access to statistics prior to release

State Committee of the Republic of Uzbekistan on Statistics

The government has no access to SSC data prior to their release. The State statistics Committee are independent in the dissemination of statistical data. Interference by state agencies shall not be permitted (cf. Article 5 of the Law on Statistics). Only the Chairman of the Committee has access to statistics prior to release.

1.2.3 Attribution of statistical products

State Committee of the Republic of Uzbekistan on Statistics

Data released to the public are clearly identified by the data producing agency (logo and footnotes).

1.2.4 Advance notice of major changes in methodology, source data, and statistical techniques.

State Committee of the Republic of Uzbekistan on Statistics

Before a move to a new methodology, the SSC provides to the public advance notice when major changes are introduced in methodology and statistical techniques. The SSC posts on its website a relevant methodological note explaining what changes users should expect.

2. METHODOLOGY

2.1 Concepts and definitions

2.1.1 Concepts and definitions (Required)

The methodology for calculating the incidence of hepatitis B per 100,000 population meets the international standards and meets the international recommendations in this field.

The methodological basis used during the calculations - the data corresponds to "Some infectious and parasitic diseases (B15-B19)" class of the International standard classification ICD-10.

2.2 Scope

2.2.1 Scope (Required)

2.2.1.1 Scope of the data

The geographical coverage of the data includes the Republic of Karakalpakstan, 12 regions and Tashkent city, as well as selected cities and districts of these territories.

All health care facilities where the cases of primary contagion with hepatitis B have been revealed are subject to the report and the final primary data is presented in the form of the “tibbiyot” state statistical reporting “Report on infectious and parasitic diseases during the year 20__.” The form is submitted by the Republican Sanitary and epidemiological service of the Ministry of Health in the context of the Republic of Karakalpakstan, 12 regions and Tashkent city.

2.2.1.2 Exceptions to coverage

There are no exceptions.

2.2.1.3 Unrecorded activity

There is no unrecorded activity.

2.3 Classification/sectorization

2.3.1 Classification/sectorization (Required as relevant to data category)

not available

2.4 Basis for recording

2.4.1 Valuation (Required as relevant to data category)

Not available

2.4.2 Recording basis (Required as relevant to data category)

not available

2.4.3 Grossing/netting procedures (Encouraged)

The incidence of a disease is defined as a gross indicator. Since the calculation per 100,000 is provided for the entire population of the territory.

3. ACCURACY AND RELIABILITY

3.1 Source data

3.1.1 Source data collection programs (Required)

The comprehensive and constantly updated register of enterprises serves as the basis for conducting the statistical surveys of enterprises.

The comprehensive and constantly updated register of enterprises (Unified State Register of Enterprises) serves as the basis for conducting the statistical activities, it acts in accordance with the Resolution of the Cabinet of Ministers № 274 dated September 25, 2012 "On approval of the Regulation on the Unified State Register of Enterprises" and Resolution of the Cabinet of Ministers № 66 dated February 9, 2017 «"On measures for implementing the Ruling of the President of the Republic of Uzbekistan dated October 28, 2016 № RP-2646 "On improving the system of state registration and registration of business entities".

The procedures for maintaining the register of enterprises meet the requirements (including the addition of new units, the exclusion of units that have ceased to exist, and maintaining the registration of mergers and changes in ownership). The initial data is constantly analyzed with the objective of ensuring the complex nature of the data collection programme. The reporting forms are periodically revised in order to take into account the changed circumstances.

3.1.2 Source data definitions, scope, sectorization, classifications, valuation, and time of recording (Encouraged)

Not available.

3.1.3 Source data timeliness (Encouraged)

The data collection programme is regulated by the Programme of State Statistical Works. For up to February 6 annually.

3.2 Assessment of source data

3.2.1 Source data assessment (Encouraged)

not available.

3.3 Statistical techniques

3.3.1 Source data statistical techniques (Required as relevant to data category)

The obligatory submission of data by the Ministry of Health is established by the Law of the Republic of Uzbekistan “On state statistics”.
The calculation is performed using data from Department of Demography and Labour Statistics on the population size by gender and age.
The calculation of this indicator is made once a year.

3.3.2 Other statistical procedures (Required as relevant to data category)

not available

3.4 Data validation

3.4.1 Validation of intermediate results (Encouraged)

not available

3.4.2 Assessment of intermediate data (Encouraged)

not available

3.4.3 Assessment of discrepancies and other problems in statistical outputs (Encouraged)

In case of revealing discrepancies in the previously published data, the changes are made to this data in subsequent publications. The reconciliation may be carried out with the Ministry of Health.

3.5 Revision studies

3.5.1 Revision studies and analyses (Encouraged)

not available

4. SERVICEABILITY

4.1 Periodicity and timeliness

4.1.1 Periodicity (Required)

The social sphere: - according to annual reporting.

4.1.2 Timeliness (Required)

The social sphere of publication is produced in accordance with the Programme of State Statistical Works.

4.2 Consistency

4.2.1 Internal consistency (Required as relevant to data category)

After dissemination, the statistical series are not revised.

4.2.2 Temporal consistency (Encouraged)

The data on the incidence of hepatitis B per 100,000 of the population is available since 1991.

4.2.3 Intersectoral and cross-domain consistency (Encouraged)

The statistical data on the hepatitis B incidence of the population is published in compilations once a year and once every 2 years (Healthcare in Uzbekistan).

4.3 Revision

4.3.1 Revision and/or update schedule (Required)

The statistical data is comparable with CIS data.

4.3.2 Identification of preliminary and/or revised/updated data (Required)

not available.

4.3.3 Dissemination of revision studies and analyses (Encouraged)

In statistical compilations it is indicated that for the previous year, the separate indicators are being revised. The revised (final) data is disseminated through the publications of the State committee on statistics.

5. ACCESSIBILITY

5.1 Data

5.1.1 Statistical presentation (Required)

The data is placed on the site of the State committee on statistics, are replicated in various compilations (see clause 4.2.3) and are available upon request to legal and physical entities.

5.1.2 Dissemination media and format (Required)

5.1.2.1 Hard copy - New release

The data is disseminated to users in a printed form through the publications of the State committee of the Republic of Uzbekistan on statistics: The statistical data on the hepatitis B incidence of the population is published in compilations once a year and once every 2 years (Healthcare in Uzbekistan)
The statistical yearbook of the regions of Uzbekistan
Uzbekistan in figures
The social development and level of living in Uzbekistan
Women and men of the Republic of Uzbekistan
Healthcare in Uzbekistan

5.1.2.2 Hard copy - Weekly bulletin

Not available.

5.1.2.3 Hard copy - Monthly Bulletin

Not available.

5.1.2.4 Hard copy - Quarterly bulletin

Not available.

5.1.2.5 Hard copy - Other

Tables upon special requests of users.

5.1.2.6 Electronic - On-line bulletin or data

The annual bulletin “The main indicators of healthcare development” is published on the site annually.

5.1.2.7 Electronic - Other

Annually the data is presented in a form of electronic spreadsheets to governmental bodies and other users upon their request.

5.1.5 Dissemination on request (Encouraged)

The specific details may be available upon request. According to the Law of the Republic of Uzbekistan “On state statistics”, the Provision “On the State committee of the Republic of Uzbekistan on statistics”, Regulations of organizing works on the preparation and dissemination of statistical information and other regulatory documents, the statistical data is presented to users upon their request in the prescribed manner. The dissemination of statistical information is carried out by providing upon a written request of legal or physical entities the statistical compilations, bulletins in the form of printed or electronic spreadsheets, as well as in accordance with agreements of

the parties on information interaction.

5.2 Metadata

5.2.1 Dissemination of documentation on concepts, scope, classifications, basis of recording, data sources, and statistical techniques (Required)

The methodological provisions on the formation and calculation of statistical indicators are placed on the website of the State committee on statistics.

9. PLANS

9.1 Recent

9.1.1 Plans for improvement - Recent improvements

The improvement of tools (forms and questionnaires) of state statistical observations.

9.2 General

9.2.1 Plans for improvement - Short-term

not available.

9.2.2 Plans for improvement - Medium-term

not available.

9.3 Financial

9.3.1 Plans for improvement - TA/financing needs - Short-term

not available.

9.3.2 Plans for improvement - TA/financing needs - Medium-term

not available.
