Provision of apartments (houses) with heating

0. Prerequisites

0.1 Legal environment

0.1.1 Responsibility for collecting, processing, and disseminating statistics

State Committee of the Republic of Uzbekistan on Statistics

The State Statistics Committee (SSC) is operating independently under the Law on "State Statistics" of the Republic of Uzbekistan, dated December 12, 2002, amended in 2012, which regulates relations in the sphere of organization of state statistics work, defines powers of state statistics agencies and creates a normative basis for maintaining the uniform system of statistical information.

In September 2017, a new Statute on the State Statistics Committee of the Republic of Uzbekistan has been introduced to specifying the mandate, the functions and the structure of the SSC, which shall be the principal data collecting, processing, analyzing and dissemination agency responsible for co-coordinating, monitoring and supervising the National Statistical System. Its functions include the provision of a uniform statistical methodology corresponding to international standards.

The SSC, like other State statistics agencies performing statistical work, shall have the right, within the limits of their powers, to request and obtain state statistical reports, administrative accounting data, and other data necessary for the conduct of state statistical observations, as well as explanations appended to the reports from other offices.

According to the presidential decree Nr.5054, dated December 12, 2017, economic and financial data in the country should be compliant and coordinated under the IMF GDSS system.

0.1.2 Data sharing and coordination among data producing agencies

State Committee of the Republic of Uzbekistan on Statistics

According to the Article 9 of the Law on Statistics, State statistics agencies shall perform statistical work in interaction with other state bodies in fulfillment of the Program of State Statistical Works. State statistics agencies permit other state agencies and legal entities to perform separate actions concerning their powers in accordance with the procedure established by the legislation. Other state agencies and legal entities shall conduct statewide statistical observations according to the Program of State Statistical Work, as well as departmental statistical observations according to the forms coordinated with the authorized state statistics agency. The data of departmental statistical observations shall be submitted to the authorized state statistics agency at its request. In addition, the Statistics Council, a collegial advisory body, ensures coordination on problems associated with the development,

functioning and coordination of state statistics under the authorized state statistics agency. The Statistics Council may appoint expert commissions to examine separate matters of state statistics. Experts may be invited to meetings of the Statistical Council and the expert commissions, and representatives of ministries, state committees and departments may be heard on matters of state statistics. The composition of the Statistical Council shall be approved by the President of the Republic of Uzbekistan.

0.1.3 Confidentiality of individual reporters' data

State Committee of the Republic of Uzbekistan on Statistics

Under the Article 7 of the Law on State Statistics, State statistics agencies shall be obliged to ensure confidentiality of individual statistical data, preservation of state secrets and trade secrets of legal entities and anonymity of data regarding individuals. In addition, the Statute of the State Statistics Committee of the Republic of Uzbekistan (Sep.2017) stipulates that the SSC shall take security measures to prevent confidentiality issues (art. 13.c, §15), including on bank secrecy (13.c, §11). Lastly, according to the Article 5 of the Law on State Statistics, interference by state agencies and local public authorities in the state statistics activities shall not be permitted.

The employees of SSC must follow a Code of Ethics, including an oath of secrecy, not to disclose any information availed to them while carrying out their duties as assigned to them. They are informed of duties upon appointment. Each employee of the SSC is required to sign a contract which requires him not to disclose such data.

0.2 Resources

0.2.1 Staff, facilities, computing resources, and financing (Encouraged)

Provision of apartments (houses) with heating:

The formation of summary indicators in the Central Office is carried out by 4 employees.

The number of employees is sufficient to fulfill the tasks of generating statistics on the improvement of the housing stock.

All employees have higher education in the economic sphere, and at least once every 2 years participate in training courses at the Institute for Staff Retraining and Statistical Researches under the State Statistics Committee (SSC).

Each workplace is provided with a personal computer; software is regularly updated.

The financial resources provided are sufficient to carry out the work stipulated by the State Statistical Work Program on statistics of the improvement of the housing stock.

1.Integrity

1.1 Professionalism

1.1.1 Impartiality of statistics

State Committee of the Republic of Uzbekistan on Statistics

According to the Law on Statistics (Article 4), the basic principles of the State Statistics include accuracy, objectivity and impartiality. In addition, the Statute of the State Statistics Committee of the Republic of Uzbekistan (art. 13 c., §6) stipulates that the principles of the

SSC should include impartiality.

1.1.2 Selection of sources, methodology, and modes of dissemination

State Committee of the Republic of Uzbekistan on Statistics

According to the Law on Statistics (Article 15), statistical data shall be used for state and scientific purposes, for informing the public, ensuring rights, freedoms and lawful interests of users. Primary statistics obtained by state statistics agencies from legal persons, their representations and branches, natural persons, including individual businessmen, shall be used for statistical purposes only for the preparation of summary statistical indicators and shall be published in summary and anonymous form. Statistics that contain the state and trade secrets shall be submitted in the manner prescribed under law.

1.1.3 Commenting on erroneous interpretation and misuse of statistics

State Committee of the Republic of Uzbekistan on Statistics

The SSC can, on ad-hoc basis, comment on erroneous interpretation and misuse of statistics

1.2 Transparency

1.2.1 Disclosure of terms and conditions for statistical collection, processing, and dissemination

State Committee of the Republic of Uzbekistan on Statistics

According to the Law on Statistics (Article 4), the basic principles of the state statistics include accessibility, transparency and openness. The terms and conditions for statistical collection, processing and dissemination are incorporated into Uzbekistan's laws and resolutions dealing with statistics. These legislative measures are on the websites and thus accessible to the public. Thus, the Law on State Statistics Committee (2002) and Resolution Number 368 are posted on the Committee's website (www.stat.uz). The Law is also reproduced in the Bulletin of Oliy Majalis (Parliament), and included in the data base on laws and regulations (www.norma.uz), as well as that of the Ministry of Justice accessible on the address www.Lex.uz.

1.2.2 Internal governmental access to statistics prior to release

State Committee of the Republic of Uzbekistan on Statistics

The government has no access to SSC data prior to their release. The State statistics Committee are independent in the dissemination of statistical data. Interference by state agencies shall not be permitted (cf. Article 5 of the Law on Statistics). Only the Chairman of the Committee has access to statistics prior to release.

1.2.3 Attribution of statistical products

State Committee of the Republic of Uzbekistan on Statistics

Data released to the public are clearly identified by the data producing agency (logo and footnotes).

1.2.4 Advance notice of major changes in methodology, source data, and statistical techniques.

State Committee of the Republic of Uzbekistan on Statistics

Before a move to a new methodology, the SSC provides to the public advance notice when major changes are introduced in methodology and statistical techniques. The SSC posts on its website a relevant methodological note explaining what changes users should expect.

2. Methodology

2.1 Concepts and definitions

2.1.1 Concepts and definitions (Required)

Provision of apartments (houses) with heating - the degree of provision of apartments (houses) with heating of the total number of apartments (houses).

The indicator is determined by dividing the number of apartments (houses) provided with heating by the total number of apartments (houses) in the corresponding period.

2.2 Scope

2.2.1 Scope (Required)

2.2.1.1 Scope of the data

The geographic coverage of the data includes the Republic of Karakalpakstan, 12 regions and the city of Tashkent.

The level of provision of apartments (houses) with heating is formed on the basis of indicators of departmental reporting on the housing stock provided by the Committee on Land Resources, Geodesy, Cartography and the State Cadastre of the Republic of Uzbekistan.

2.2.1.2 Exceptions to coverage

No

2.2.1.3 Unrecorded activity

No

2.3 Classification/sectorization

2.3.1 Classification/sectorization (Required as relevant to data category)

No

2.4 Basis for recording

2.4.1 Valuation (Required as relevant to data category)

No

2.4.2 Recording basis (Required as relevant to data category)

No

2.4.3 Grossing/netting procedures (Encouraged)

The provision of apartments (houses) with heating is calculated once a year.

3. Accuracy and reliability

3.1 Source data

3.1.1 Source data collection programs (Required)

A comprehensive and constantly updated register of enterprises (Unified State Business Register) acting in accordance with the Cabinet of Ministers Resolution No. 274 of September 25, 2012 “On Approving the Regulation on the Unified State Business Register” serves as the basis for conducting statistical activities.

The source of information for calculating the provision of apartments (houses) with heating is the primary data of departmental statistical reporting.

3.1.2 Source data definitions, scope, sectorization, classifications, valuation, and time of recording (Encouraged)

The provision of apartments (houses) with heating is determined by dividing the number of apartments (houses) provided with heating by the total number of apartments (houses) in the corresponding period.

Statistical coverage - geographical coverage of data includes the Republic of Karakalpakstan, 12 regions and the city of Tashkent.

Data release: annually - not more than 5 months after the reporting period.

3.1.3 Source data timeliness (Encouraged)

The data collection program is regulated by the State Statistical Work Program.

Information is compiled by the SSC no later than 5 months after the reporting period.

3.2 Assessment of source data

3.2.1 Source data assessment (Encouraged)

The data obtained from enterprises are analyzed, controlled and verified mandatory not only at the regional and district departments of Uzgeodezkadastr, but also the Committee on Land Resources, Geodesy, Cartography and the State Cadastre of the Republic of Uzbekistan. When identifying registration errors, classification and control errors the information should be specified again with the respondents.

The initial data is analyzed for comparability with other related data sources.

3.3 Statistical techniques

3.3.1 Source data statistical techniques (Required as relevant to data category)

To calculate the number of apartments (houses) provided with heating information is compared for the base and current periods.

3.3.2 Other statistical procedures (Required as relevant to data category)

3.4 Data validation

3.4.1 Validation of intermediate results (Encouraged)

3.4.2 Assessment of intermediate data (Encouraged)

3.4.3 Assessment of discrepancies and other problems in statistical outputs (Encouraged)

In case of discrepancies in previously published data, changes are made to these data in subsequent publications.

3.5 Revision studies

3.5.1 Revision studies and analyses (Encouraged)

4. Serviceability

4.1 Periodicity and timeliness

4.1.1 Periodicity (Required)

The indicators are specified during the inventory according to the annual report data.

4.1.2 Timeliness (Required)

Data publication: annually - no more than 5 months after the reporting period.

4.2 Consistency

4.2.1 Internal consistency (Required as relevant to data category)

4.2.2 Temporal consistency (Encouraged)

Data from 2010 are presented on the SSC website (<http://stat.uz/ru>).

4.2.3 Intersectoral and cross-domain consistency (Encouraged)

4.3 Revision

4.3.1 Revision and/or update schedule (Required)

4.3.2 Identification of preliminary and/or revised/updated data (Required)

Final data is disseminated

4.3.3 Dissemination of revision studies and analyses (Encouraged)

5. Accessibility

5.1 Data

5.1.1 Statistical presentation (Required)

Information on the provision of apartments (houses) with heating is given in tabular form.

5.1.2 Dissemination media and format (Required)

5.1.2.1 Hard copy - New release

"Social Development and Living Standards in Uzbekistan"

5.1.2.2 Hard copy - Weekly bulletin

No

5.1.2.3 Hard copy - Monthly Bulletin

No

5.1.2.4 Hard copy - Quarterly bulletin

"Socio-economic Situation of the Republic of Uzbekistan"
"Statistical Yearbook of the Republic of Uzbekistan"

5.1.2.5 Hard copy - Other

Tables for special user requests

5.1.2.6 Electronic - On-line bulletin or data

"Statistical Yearbook of the Republic of Uzbekistan"

5.1.2.7 Electronic - Other

Tables for special user requests

5.1.5 Dissemination on request (Encouraged)

According to the Law of the Republic of Uzbekistan "On State Statistics", the Regulation "On the State Committee of the Republic of Uzbekistan on Statistics", the rules on the organization of work on the preparation and dissemination of statistical information and other regulatory documents, statistical data are presented to users upon their request in the prescribed manner.

The dissemination of statistical information is carried out by written request of legal entities or individuals in the form of tables (printed or electronic), statistical collections, newsletters, and also in accordance with the agreements of the parties on information interaction.

5.2 Metadata

5.2.1 Dissemination of documentation on concepts, scope, classifications, basis of recording, data sources, and statistical techniques (Required)

9. Plans

9.1 Recent

9.1.1 Plans for improvement - Recent improvements

Improving tools (forms) of departmental reporting

9.2 General

9.2.1 Plans for improvement - Short-term

9.2.2 Plans for improvement - Medium-term

9.3 Financial

9.3.1 Plans for improvement - TA/financing needs - Short-term

Funding is provided as part of the annual State Statistical Work Program

9.3.2 Plans for improvement - TA/financing needs - Medium-term

Funding is provided as part of the annual State Statistical Work Program
