

FOREIGN TRADE TURNOVER OF THE REPUBLIC OF UZBEKISTAN (January-September 2018)

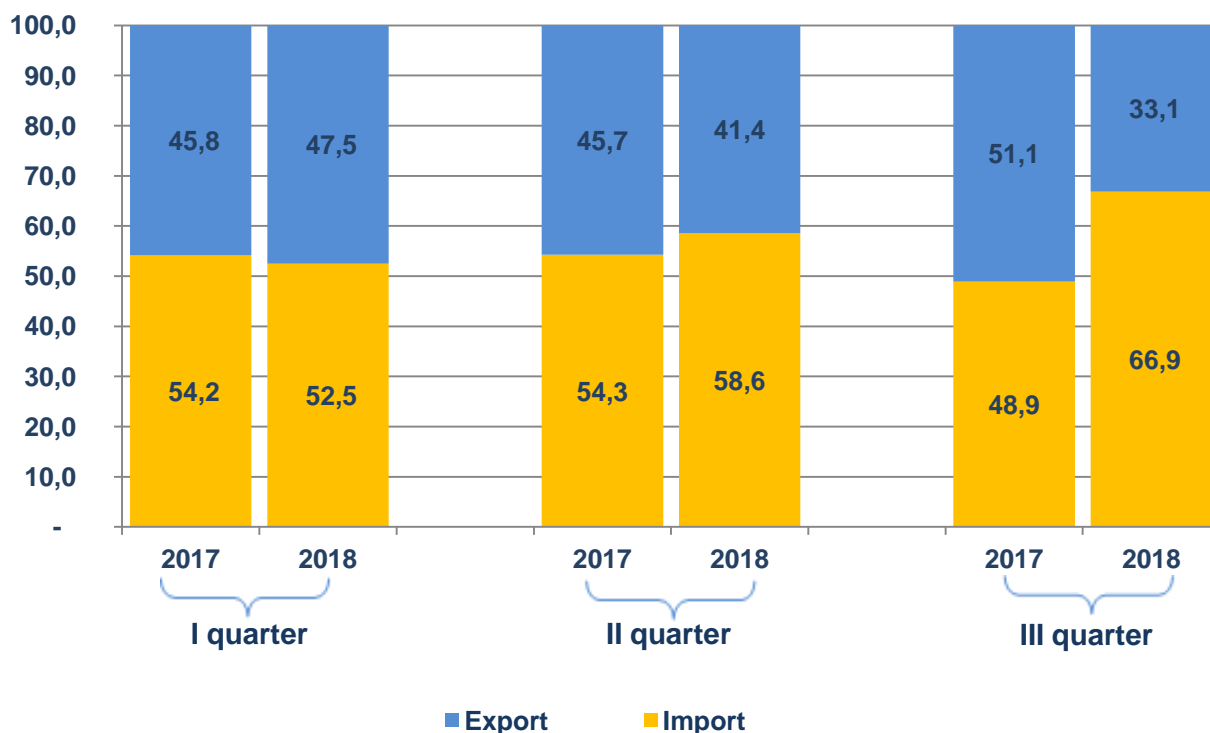

In January-September 2018, the foreign trade turnover of the republic amounted to \$ 23 044.7 million and increased, compared to the same period last year, by 17.2%. Exports amounted to \$ 9 367.6 million (down 0.4%), imports to \$ 13 677,1 million (growth rates 33.3%). The balance of foreign trade is minus \$ 4 309,5 million.

Dynamics of foreign trade turnover
(million USD)

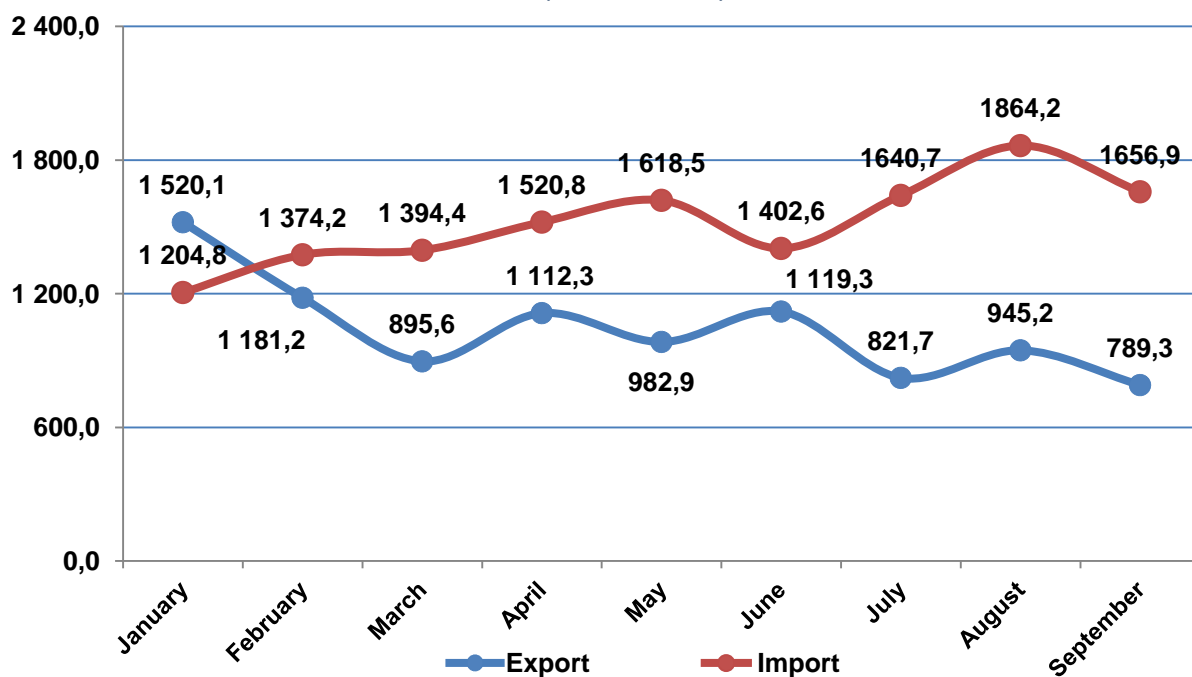

As a result of the increase in production of products that replaced imported goods and the diversification of the industrial structure, significant changes have been achieved in the structure of exports.

Dynamics of quarterly indicators export-import of goods and services, %

Dynamics of indicators of monthly export-import goods and services for January-September 2018 (million USD)

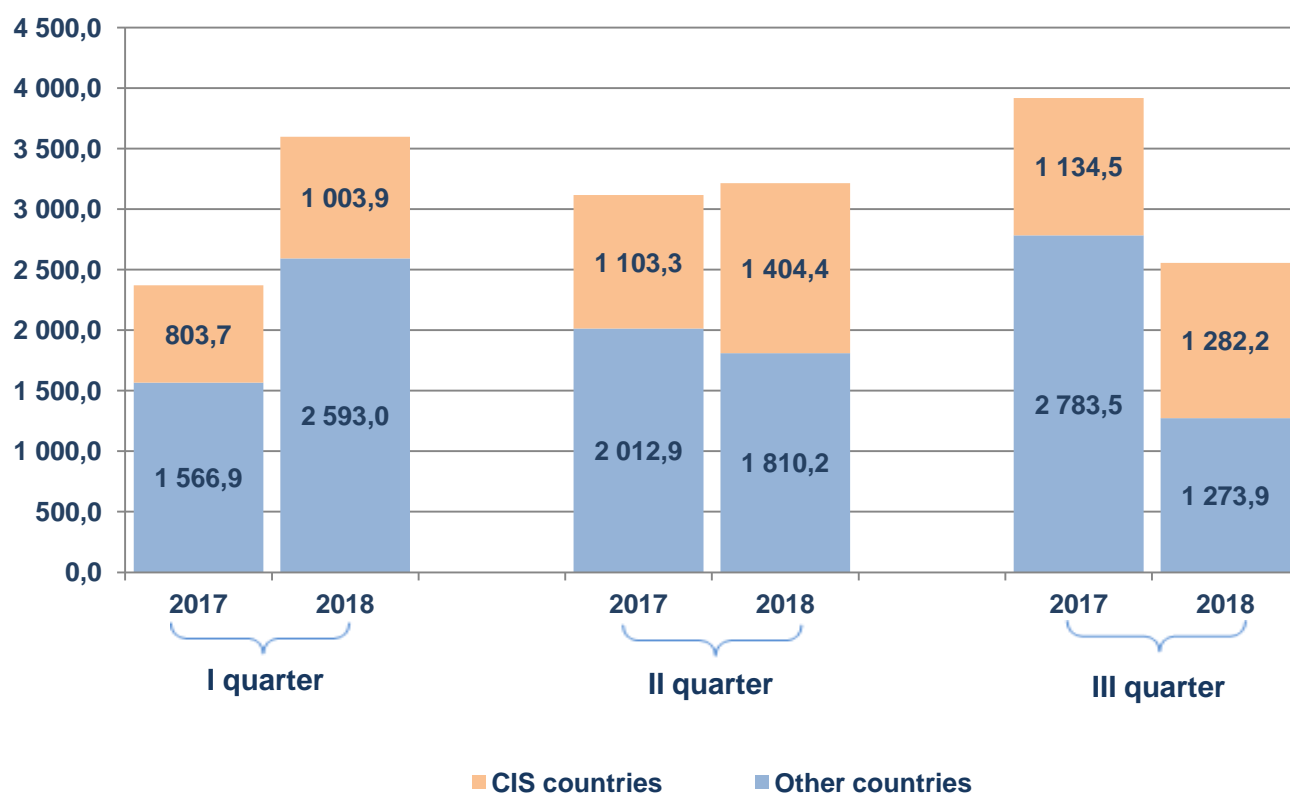

The order of the states with the largest share in the commodity turnover of the republic for the nine months of 2018 remained unchanged, as in the eight months of the current year.

As a result of measures taken by the government of the republic to strengthen cooperation with the CIS countries and comprehensive support of foreign trade, the share of CIS countries in foreign trade turnover in January-September 2018 was 38.6% and, compared to the same period, the growth rate of foreign trade turnover was 34.4 %.

The share of other countries in foreign trade turnover in January-September 2017 was 66.3%. In the current year, foreign trade turnover with them decreased by 4.9% and amounted to 61.4%.
