## **Explanation of statistical indicators**

**Denationalization** - transformation of state-owned enterprises and organizations into business partnerships and companies, other enterprises and organizations that are not publicly owned.

**Privatization** - acquisition of public property objects or shares of state joint stock companies from the state by individuals and non-state legal entities.

**Auctions of state-owned real estate objects (auctions)**, auctions for the sale of state real estate objects organized by a seller or a real estate organization, as well as a specialized organization that provides services for organizing and conducting auctions and competitions, including in electronic form in accordance with the procedure established by the Cabinet of Ministers of the Republic of Uzbekistan.

**Purchaser** - a non-state legal entity or individual (resident or non-resident of the Republic of Uzbekistan) who has entered into an agreement with the seller for the sale of a state-owned real estate object (hereinafter referred to as the sale and purchase agreement) in accordance with the law.

**Investment commitments** - liabilities to make investments in a state-owned real estate object, assumed by a buyer when selling a state-owned real estate object, having a monetary value and carried out in forms that do not contradict the legislation.

**Social commitment** - liabilities assumed by the buyer in the sale of a state-owned property that do not have a monetary value and are carried out in forms that do not contradict the legislation.

**Auction** - a form of bidding to determine the buyer on a competitive basis, in which the right to conclude a contract for the purchase and sale of a state-owned real estate object is obtained by the participant who offered the highest price for it. Auctions can be open or closed.

**Balance holder** - a legal entity to which the sold state property is assigned.

**Starting price** - the price set by the seller for putting the state real estate object for auction.
